

Fixtures, Displays, Carts & Tools

Creator of one of the nation's finest lines of innovative retail fixtures and displays, our "industrial chic" designs feature a stylish interplay of wood against metal. Our stained board decking fits into a sturdy one-piece steel frame. Our products are known for affordability, quality, functionality, and versatility. Built with strong, durable structural steel tubing coated with resilient powder finishes, our fixtures are produced to the highest standards in Lexington, NC. We'll be glad to powder coat your display any color at minimal cost or customize to meet your specifications.

We also supply extremely popular, high quality tools and carts, steel edging, galvanized steel paver restraints, two-wheel and four-wheel nursery carts, farm wagons, custom fabricated carts and tracking trailers.

Displays
